Languages

Turkish

Verbal and written fluency

Summary

Outdoor enthusiast turned software engineer. I love taking on new challenges, which is why I entered the exciting field of web development. When I first entered web development, it immediately reminded me of my very first solo backpacking experience; I recognized I had a lot to learn – but I quickly found fulfillment in the creative aspect of coding along with achieving the satisfaction that results from problem-solving.

Projects

QuizMe!

June 2016 // <https://github.com/adebruyne/flashcard-app>

- QuizMe is a flash card app to help new programmers practice their knowledge of the ever-evolving concepts, languages and algorithms of the tech world
